

Organization

Kyoto Institute of Technology

Academic Field	School of Science and Technology	Graduate School of Science and Technology	
	Undergraduate Program	Master's Program	Doctoral Program
Materials and Life Science	Applied Biology	Applied Biology	Materials and Life Science
	Biomolecular Engineering	Biomolecular Engineering	
	Macromolecular Science and Engineering	Macromolecular Science and Engineering	
	Chemistry and Materials Technology	Chemistry and Materials Technology	
Engineering Design	Electronics	Electronics	Engineering Design
	Information Science	Information Science	
	Mechanical and System Engineering	Mechanical and System Engineering	
	Design Engineering and Management	Design Engineering and Management	
Design Science	Architecture and Design	Architecture and Design	Design Science
	Architecture and Design	Design	
		Architectural Design	
		Advanced Fibro-Science	Advanced Fibro-Science
	Integrated Science and Technology (Evening Program)		

- Department
- Applied Biology
- Biomolecular Engineering
- Macromolecular Science and Engineering
- Chemistry and Materials Technology
- Electronics
- Information Science
- Mechanical and System Engineering
- Design Engineering and Management
- Architecture and Design
- Advanced Fibro-Science
- Comprehensive Sciences

University Library

- Center for Education and Research
- Museum and Archives
- Cooperative Research Center
- Center for Information Science
- Center for Environmental Science
- Drosophila Genetic Resource Center
- Center for Instrumental Analysis
- Radioisotope Laboratory
- Venture Laboratory
- Incubation Center
- Center for Fiber and Textile Science
- Center for Bioresource Field Science
- Center for Manufacturing Technology

Health Care Service Center

- Centers for the Administration and Management
- Educational Program Center
- Student Support Center
- Admission Center
- Research Promotion Center
- International Exchange Center
- Safety Management Center
- Environmental Management and Campus Planning Center
- Information Technology Promotion Center

Advanced Technology Center

- Administration
- General Affairs
- Research Advisory
- Planning and Public Relations
- International Affairs
- Financial Affairs
- Information Systems and Library
- Research Cooperation and Liaison
- Facilities Management
- Educational Affairs
- Student Affairs
- Admissions
