

Tuition Payment and Account Registration

1. Tuition Fee Amounts and Payment Deadlines

Tuition fees for the academic year should be paid in two installments: one for the first semester and one for the second semester. The amounts and deadlines are as follows:

	Amount Due	Payment Deadline
Spring Semester Tuition	267,900 yen	The last day of April*
Fall Semester Tuition	267,900 yen	The last day of October*
Total Annual Tuition	535,800 yen	

**If the last day of the month falls on a weekend or public holiday, the payment deadline will be the previous business day.*

2. Tuition Payment Method

- As a general rule, tuition fees should be paid via direct debit from a bank or postal account.

Spring semester tuition direct debit payment date	Fall semester tuition direct debit payment date
April 27	October 27

- If the last day of the month falls on a weekend or public holiday, the payment deadline will be the previous business day.*
- Direct debit (withdrawal) fees will be covered by KIT.*

3. Direct Debit Account Registration

Access the KIT website using the following URL or QR code to register the tuition payment account.

Even if you are a graduate or undergraduate student transferring to our university and have previously registered an account, you will need to register again.

Account Registration Period: Friday, September 25, 2026, to Wednesday, October 7, 2026.

Registration must be completed within the timeframe above.

If you miss the registration deadline, your direct debit scheduled for October 27 will not occur, and you will be seen as not having paid. If you have not registered your account, do so promptly. We will perform direct debit again the following month.

Note: If you are applying for exemption or payment postponement, you do not need to register a direct debit account at this time. Register your account after receiving the result of your exemption or payment postponement.

- Student ID number
- Student date of birth (use Gregorian calendar year)
- Bank account information (Account in the student's, a parent's, or guarantor's name)

4. Important Notes:

- Ensure that the equivalent of your tuition fee is deposited into the registered account by the business day before the scheduled payment date. If there are insufficient funds and the direct debit cannot be processed, it will be retried on the 27th of the following month (if the 27th falls on a weekend or public holiday, the payment will be processed on the next business day).
- The direct debit transaction can be confirmed via your bankbook (the transaction will be listed as "NS コウセンダイ" or "DF コウセンダイ").
- Paid tuition fees are, in principle, non-refundable. If you are considering taking a leave of absence or withdrawing, consult the Educational Affairs Office before making the payment.

- If you require a receipt, download the form from the following URL, fill it out, and submit it to the Financial Affairs Office to request one:
