授業の目的・概要 /Objectives and Outline of the Course	
日	
英	<p>This course is a media studies approach to studying issues surrounding Surveillance Technology and AI/ASI.</p> <p>TOPICAL FOCUS: This class will focus on academic discussion and reading of serious contemporary issues connected to issues of surveillance technology, AI and public policy. You will practice making verbal arguments, taking a point of view and explaining your reasoning.</p> <p>Issues will come from watching the 1st season of the TV drama, "Person of Interest" (2011). The drama uses science fiction to explore current events, such as the development of AI, surveillance technology, and what it means for a free society. The show raises philosophical questions. Is AI dangerous? What limits should there be on surveillance technology? We will use the drama to work on listening, reading, and speaking skills. We will supplement the drama with academic-level readings in AI, technology, and culture.</p> <p>SKILLS FOCUS: The focus of this class is increased levels of academic fluency. We will work on speaking, reading, listening, writing, and vocabulary. This class has three main goals:</p> <ol style="list-style-type: none"> 1. Improve university-level English reading & listening. 2. Mastering the understanding and analysis of academic-level readings. 3. Enhancing English academic discussion skills and writing.

成績評価の方法及び基準 /Grading Policy																			
日																			
英	<p>Students must participate in discussions, do the reading reports and demonstrate effort. As long as one attends class, participates actively, and shows signs of improvement over the semester, they will receive a passing grade. However, to receive a grade above 80%, students must show improvement and a basic understanding of academic techniques. The following activities will be factored proportionately when calculating the final grade:</p> <table> <tr> <td>36%</td> <td>3</td> <td>Graded Academic Discussions</td> </tr> <tr> <td>16%</td> <td>4</td> <td>Academic Readings Reports</td> </tr> <tr> <td>10%</td> <td>5</td> <td>Regular Homework (Episode discussion prep sheets)</td> </tr> <tr> <td>8%</td> <td>1</td> <td>Final Project (persuasive essay, in-class)</td> </tr> <tr> <td>10%</td> <td>~</td> <td>Active participation</td> </tr> <tr> <td>20%</td> <td>~</td> <td>e-learning</td> </tr> </table>	36%	3	Graded Academic Discussions	16%	4	Academic Readings Reports	10%	5	Regular Homework (Episode discussion prep sheets)	8%	1	Final Project (persuasive essay, in-class)	10%	~	Active participation	20%	~	e-learning
36%	3	Graded Academic Discussions																	
16%	4	Academic Readings Reports																	
10%	5	Regular Homework (Episode discussion prep sheets)																	
8%	1	Final Project (persuasive essay, in-class)																	
10%	~	Active participation

留意事項等 /Point to consider	
日	
英	<p>Students should bring pen and paper, a dictionary, and the course materials with them every class.</p> <p>All work submitted must be the student's own. Getting help from fellow students or teachers is fine. But do not copy work from other students or sources. Students are welcome to use dictionaries but do not use mass-translation such as DeepL or Google Text. Translation of individual words or small phrases is acceptable, but translating entire paragraphs or essays will be penalized.</p> <p>Use of Chat GPT/DeepSeak and similar services is considered cheating and plagiarism. Students who are caught using it will receive a zero for the assignment.</p>
