授業の目的・概要 Objectives and Outline of the Course	
日	
英	This course introduces students to digital storytelling through film, multimedia production and transmedia project design. Students will explore how stories can be communicated across multiple platforms including video, social media and digital tools. Students will examine how to create content and design user experiences to communicate effectively in media environments. Through individual and group projects students will develop practical skills in storytelling, planning, visual communication, collaboration and digital design.

学習の到達目標 Learning Objectives	
日	
英	<p>Improve their ability to read and comprehend academic texts.</p> <p>Develop clear and structured academic writing skills.</p> <p>Gain confidence in presenting ideas through presentations.</p> <p>Learn to apply academic English skills in interdisciplinary and professional contexts.</p> <p>Understand film, media and transmedia design</p>

学習目標の達成度の評価基準 / Fulfillment of Course Goals (JABEE 関連科目のみ)	
日	
英	

授業計画項目 Course Plan		
No.	項目 Topics	内容 Content

1	日 英	Introduction to the course and self-introductions.	Introduction to course objectives, structure, and assessment methods.
